Project 1: Media fast

Great job overall!

We are still grading the last few submissions, aim to finish tonight.

Project 2: Visualization Critique

(10) Description of the graphical visualization and why you selected it
5pts for the why
5pts for the description

(5) Example use of the visualization you selected

Project 2: Visualization Critique

(15) Critique the visualization from a cognitive perspective. Detail positive and negative issues and tradeoffs involved. Make clear the intended goals of the visualization, how it does or does not achieve its intended purpose, what tasks it supports, and how it might be improved.

(5) How might the visualization be improved

(5) Overall clarity of paper and writing

40 points possible

Now, decide choice of visualization

**We will walk around after 10 min
and give you feedback**
