COGS 10 Studio 1

Sam Lau
lau@ucsd.edu

Goals: Get to know people in studio

**(aka complete an icebreaker activity without extreme emotional angst)**

Who is Sam?

First year Cog Sci PhD student

Educational technology for data science and statistics

BS + MS at Berkeley in EECS

**Taught a lot of data science…
but not a lot of cog sci**

Who are your IAs?

Super cool

Awesome

Hip

Activity

Split into 3 groups

Random walk within group

When I say "Talk!", introduce yourself to someone next to you.

Tell them your name, one fact a prospective team member should know, and one extreme/surprising (but not embarrassing) thing about themselves.

At the end, the people you talked to will introduce you!

Are we doing anything productive today?

Nope.

Activity

Split into 3 groups

Random walk within group

When I say "Talk!", introduce yourself to someone next to you.

Tell them your name, one fact a prospective team member should know, and one extreme/surprising (but not embarrassing) thing about themselves.

At the end, the people you talked to will introduce you!

Reminder: Media Fast

Complete fast before next Wed (4/10)

Two videos, <1 min each, before and after fast

During fast, take notes. Also, when/why you broke fast.

Paper + videos due in two weeks (4/17)

Attendance!
